Procedures

All procedures are billed privately and payment is required when sutures are removed. After claiming from Medicare you will be out of pocket between \$108 and \$320 depending on the complexity of the procedure and/or the pathology results.

Other Tests and Examinations

From time to time your doctor may request examinations/tests to be completed within the clinic to assist with your diagnosis or ongoing care. Additional charges may apply and your doctor will discuss these with you at the time of your visit.

Please note that fees charged are at each individual doctor's discretion.
